

From A Distance by Julie Gold (made famous by Bette Midler)

From a distance the world looks blue and green
And the snow-capped mountains white
From a distance the ocean meets the stream
And the eagle takes to flight

From a distance there is harmony
And it echoes through the land
It's the voice of hope, it's the voice of peace
It's the voice of every *one*

From a distance we all have enough
And no one is in need
There are no guns, no bombs, no diseases
No hungry mouths to feed

From a distance we are instruments
Marching in a common band
Playing songs of hope, playing songs of peace
They're the songs of every *one*

Love is all I feel, Love is all I feel
Love is all I feel from a distance

From a distance you look like my friend
Even though we are at war
From a distance I can't comprehend
What all this war is for

From a distance there is harmony
And it echoes through the land
It's the hope of hopes, it's the love of loves
It's the heart of every *one*

It's the hope of hopes, It's the love of loves
It's the song of every *one*
