to the moon, each connection is unique

## The Symbolic Autumn Apple

At the heart of the Celtic Underworld grows an apple tree whose fruit has magical powers. Many heroes were known to have ridden a boat across the waters to Avalon to eat of this fruit.

Since the faeries were abroad on this night of Samhain, an offering of food or milk or apples were frequently left on the steps of the house so the homeowner could gain the blessings of the "good folk" for the coming year.
